

Dear parents and children,

The Junior Committee of the Nottinghamshire Chess Association <http://nottschess.org> is contacting you as you near the end of your time in primary school. We know that you have been very well served in your chess-playing by the NPSCA and by your teachers at primary school. You may be lucky and moving to a secondary school which has a chess club. If there is no chess club there, don't panic!

We are trying to support some secondary schools which wish to set up chess clubs and hence it would be useful to know which secondary school you are going to attend (see slip below). Whether or not there is a chess club in your new school, there are many clubs in Nottinghamshire and in adjacent counties which would welcome you as a member. Joining a chess club is one of the best ways of improving! A list of Nottinghamshire clubs follows.

There are also many events run by the NCA either specifically for juniors, such as the under 130 grade twelve-board Four Counties team, or which have many juniors playing in them, such as the Rapidplay (a Sunday in late January) the Congress (a Saturday and Sunday in early April) and the County Championships (a Saturday and Sunday in late November, which should include a one-day junior Rapidplay for the first time this year). Members of our association also support other events for under 18s, including the Junior 4NCL, the National Youth Chess Association and the National Schools Chess Championships.

If you wish to be informed of forthcoming NCA events, please supply your email address and send to: juniorcommittee@nottschess.org It would also be helpful if you could indicate which secondary school you are going to attend and then we know that the school is gaining some talented players (which we can point out to the Head Teacher as a way of encouraging them to set up a chess club!)

Alternatively, fill in your details below and hand the slip to John Crawley or to your chess coach:

First name:

Last name:

Current primary school:

Secondary school:

Email address:

Clubs within Nottinghamshire suitable for juniors

Parents and juniors are advised to contact the club to ask any necessary questions, such as about disabled access, before attending for the first time; a club may then be able to ensure that there is a suitable person expecting your arrival who can make you welcome.
